

JUNE/JULY

SUPERHEROES

June 17/18/20/21

(closed on the 19th in recognition of Juneteenth)
Calling all Superheroes to save the world! Stand for truth and justice. Fight crime. Create your own shield, cape, and mask, test your strength in a fitness challenge, make hulk slime, and much more!

LEGO® World

June 24-28

LEGO® experts! Engineer a LEGO® city and design your own LEGO® person. Emmett is frozen and needs your help getting free! EVERYTHING IS COOL WHEN YOU WORK AS A TEAM!

SPORTS

July 1-3 M/T/W ONLY

Baseball, bowling, soccer, volleyball, water sports...all the sports! Share your skills and learn some new ones. Explore the science and art of sports, learn about the equipment used in sports, and PLAY!

JULY

WATER WONDERS

July 8-12

Let's get wet! Try catching a water balloon, watch water change from a liquid to a solid, make bubbles in water, learn why water is necessary for life. Bring your swimsuit because we're going to get WET!

BEACH CAMP

July 15-19

Have a beach vacation right at MIA! Build sandcastles, relax on a floaty, make and enjoy your own frosty drink, learn to hula, create unique bracelets, have a picnic on a beach towel, and cool off with a nice breeze from the ocean.

Fairies & Gnomes

July 22-26

Did you know that gnomes are protectors of the forest and gardens. They like to hide behind trees keeping the forest safe. Fairies are helpers to nature, they help wake plants and trees from slumber as well as animals and insects. Make your own gnome, create some fairy wings, assemble a fairy-friendly garden using materials found in nature for your gnome to protect.

JULY/AUGUST

DINOSAURS

July 29- August 2

Have you ever dreamed of being a paleontologist? Join us for a week of digging up bones, making dinosaur eggs, searching for fossils, and comparing and measuring dinosaurs. Bring your favorite dinosaur to share at camp!

CAMPING OUT

August 5-9

Read stories in a tent, have a sing-a-long, and make s'mores around the "camp fire! Go on a scavenger hunt, make animal shadows, catch a few fireflies, and even learn what scat is - not all animal's scat is the same!

Under the Sea

August 12-16

What lies underneath the sea? Study the secrets of the ocean and it's inhabitants. Create a tiny ocean habitat. Learn about what you can do to help keep our oceans clean. Discover legends of the sea like mermaids and the kraken.

AUGUST

Bugs Everywhere!

August 19-23

Bugs all around, bug games, bug math, 3D bugs, bug snacks, bug parts and bugs that will bug you! Find and identify insects, what they have in common, and learn amazing facts about the largest animal group in the world.

amazing art

August 26-30

As Pablo Picasso said, "Every child is an artist." Explore different mediums to create 2D & 3D art. Sketch and doodle, try your hand at color mixing, painting, and sculpting, even create some food art!
